Re: *U.S. Patent Application No. 09/893,635*
For: *DIGITAL RIGHTS MANAGEMENT*
Inventor(s): Tom GRIMES, et al.
Our Reference: 151875

Dear Mr. Cusick:

We are pleased to advise you that the above-referenced application issued **April 25, 2006** as U.S. Letters Patent No. **7,036,011**. The original Letters Patent is enclosed. Two printed copies of the patent are also enclosed.

This patent is in effect for a period of 20 years from the application filing date (i.e., until June 29, 2021) provided the maintenance fees are paid as follows:

3 ½ years after grant:	October 25, 2009
7 ½ years after grant:	October 25, 2013
11 ½ years after grant:	October 25, 2017

We do not assume responsibility for payment of these fees. As a convenience, we will arrange for payment on your authorization.

We recommend that articles covered by the patent be marked with the word "patent" (or the abbreviation "pat.") together with the patent number (e.g., "U.S. Pat. No.: 7,036,011"). This will satisfy the legal notice required to recover certain damages in the event of infringement by a competitor. If you have any questions regarding marking such as what to do when the nature of the article prevents the article itself from being marked or when the commercial embodiment differs somewhat from that described in the patent, please let us know.

Please acknowledge receipt of the original U.S. Letters Patent No. 7,036,011, by signing and returning the enclosed copy of this letter.

Finally, under United States law, it is possible to file an application to "reissue" an issued patent if there is any defect in the specification or drawings, or if the patentee claimed more or less than he had a right to claim. If the patentee seeks to enlarge the scope of the claims, then a reissue application must be filed within two (2) years of the issue date of the patent, i.e., April 25, 2008/TWO YEARS FROM ISSUE DATE OF PATENT. Accordingly, both now and as we approach the two-year anniversary of the issuance of the patent, we suggest that you review the patent and let us know if you would like to file a reissue application. Please note that if we do not hear from you to the contrary prior to March 25, 2008/ONE MONTH PRIOR TO THE TWO YEAR DUE DATE, we will not file a reissue application.

Should you have any questions, comments or instructions, please do not hesitate to contact us. Thank you for giving us the opportunity to work with you on this matter.

Sincerely,

Eddy Valverde
